## LED High Bay Light Specification

Input Voltage (Vac)	90-264
Frequency (Hz)	47-63
Power (W)	70
Power Factor(PF)	0.9
Total Power Comsumption (W)	87.5
Color Temperature (K)	2500-9000K
CRI	>75
LED Luminous Efficiency	>85Lm/W
Working Enviornment	0-40℃
Working Life	50000Hours
Light Body&Lampshade Material	Aluminum Alloy
Size Φ*H (mm)	400 mm x 420 mm
Net Weight	3.2 KG

WY-HB002-A

WY-HB002-B

### Remarks

1. You can choose with or without glass panel(glass panel will restricts the dust)
2. The picture is for reference, there would be a little different of the actual product.
3. You can suggest us to modify the power and luminous.
4. The top electrical box and the lampshades will packed separately.
5. packing : Carton Box
