

LONGFOR ENERGY CO., LIMITED

Partial Product List

Model	Oil treated	Main Function	Applied Industry
Model LDP- Transformer Oil Purifying Plant	Insulation oil; HV Transformer oil; Mutual inductor oil; Circuit breaker oil, etc.	1/. Dehydration,degasifying, remove out particles, residuals and other impurities in oil. 2/. Improve insulator oil's dielectrical stregh/breakdown voltage. 3/. Vacuum and dry the transformer on-line.	1-Power plant, 2-Electric station, 3-transformer maintenance, 4-transformer manufacture, etc.
Model LRP- Transformer oil reclamation and regeneration system	Insulation oil; HV Transformer oil; Mutual inductor oil; Circuit breaker oil, etc.	1/. Dehydration,degasifying, remove out particles, residuals and other impurities in oil. 2/. Improve insulator oil's dielectrical stregh/breakdown voltage. 3/. Vacuum and dry the transformer on-line. 4/.Upgrade old oil color to new oil color while keeping elements & property of oil. 5/. Remove out suspended materials and acid, etc.	1-Transformer oil recycling company, 2-Power plant, 3-Electric station, 4-transformer maintenance, 5-transformer manufacture, etc.
Model LLP- Lubricant oil Purifier	Lubricant oil; hydraulic oil; Gear oil, etc.	1/. Strong demulsifying and dehydration capacity, which easily remove large quantity of water as well as minimal amount of water in oil. 2/. Elimination of impurities and gas. 3/. After treatment, cleanliness will be better than NAS6. 4/. Upgrade emulsifying cloud color to be clean and transparent.	1-Lubricant oil manufacture company. 2-Related lube oil mechanical actories or companies. 3-Related hydraulic oil, gear oil, etc.
Model LTF- Turbine oil filtration plant	Turbine lube oil series	1/. Strong demulsifying and dehydration capacity, which easily remove large quantity of water as well as minimal amount of water in oil. 2/. Elimination of impurities and gas. 3/. Upgrade emulsifying cloud color to be clean and transparent.	1-Turbine manufacture company. 2-Turbine project company. 3-Power station. 4-Related turbine oil companies.
Model LPR- Refrigerant oil purifier	Refrigerant oil series; Air condition compressor oil, etc.	1/. Dehydration,degasifying, remove out particles, residuals and other impurities in oil. 2/. Vacuum and dry the refrigerant equipment.	1-Air condition compressor manufacture. 2-Refrigerator compressor manufacture. 3-Automobile vehicle compressor manufacture. 4-Other refrigerant oil company.

Model LCD - Cable Oil Purifying Plant	Cable oil; High-filled fluid cable oil series.	1/. Dehydration,degasifying, remove out particles, residuals and other impurities in oil. 2/. Improve cable oil's dielectrical stregh/breakdown voltage. 3/. Vacuum and dry the high-filled fluid cables.	1-Power plant, 2-Electric station, 3-transformer maintenance, 4-transformer manufacture, etc. 5-Electric Cable company.
Model LTC -On line tap changer (hot oil line) purifier	On-load tap- changing switch oil and related insulation oil series.	1/. Filtrate carbon and metal particle in the transformer switch on line; 2/. Reduce water content to ensure BDV; 3/. Advanced microcomputer control.	1-Transformer oil recycling company, 2-Power plant, 3-Electric station, 4-transformer maintenance, 5-transformer manufacture, etc.
Model LPE - Phosphate ester fluids purifier	Phosphate fluids; EHC; HFC oil, etc.	1/. Dehydration,degasifying, remove out particles, residuals and other impurities in oil. 2/. Remove out colloid particles and acid, etc.	1-Phosphate ester fluids maintenance companies. 2-All Turbine system projects. 3-All Electrical power station.
Model LXP -X Ray Tube processor	High-voltage generator and tubes used in X- ray; CAT scan machines, etc.	1/. Vacuum drying the tubes; 2/. Vacuum filling and ref-filling the insulation oil; 3/. To be one repair system for X-ray Tubes; 4/. Vacuum storage for insulated fluids.	1-X Ray, CAT scan machines, etc. 2-High voltage generator and tubes. 3-All related X-ray machines used in hospital.
Model LOT -Fully Automatic Insulation Oil Tester	All insulation oil and transformer oil series.	1/. Test dielectric strength/BDV of transformer oil; 2/. Computer control and fully automatic with digital programming which can test, stir, stop, test and times of stirring standstill ; 3/. Automatically printing out of test result on line	1-All transformer and electrical power plant. 2-Electrical instruments maintenance companies.
Model LFP -Light oil purifier	Light oil series such as diesel, fuel, etc.	1/. Remove out water and moisture. 2/. Filtrate out particles, impurities, etc. 3/. Strong ability of demulsifying.	1-Diesel oil, fuel oil company. 2-Marine industrial area.
Model LWR - Waste Engine Oil series Recycling system	Waste lube oil series such as diesel engine oil, gasoline engine oil, used motor oil, etc.	1/. Recycle waste oil from black dirty one to be yellow clean one; 2/. Apply many different kinds of lube oil or lubricant oil series; 3/. Can be tailored as per client's different requirements.	1-Waste oil collection company. 2-Used oil recycling area. 3-Engine motor, cars, repair shops or companies.
